THE
FOUR
ELEMENTS

A serene landscape with a clear blue sky, a soft rainbow on the horizon, and a calm body of water.

We don't inherit the earth from our ancestors,
We borrow it from our children.

- Native American Proverb

*The post-pandemic era
This is the best time for us to keep
calm and head start for a change.*

*Let's get up for the movement,
from the very tiny starting point,
make the best use of available
resources from the earth,*

Let's explore every possibilities !

Earth

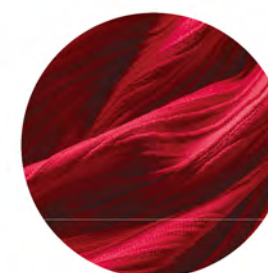

BIO BYEOLD

Say good-bye to the old. Replace part of petrol from food wasted and planted based substance, step into new era.

30% Of zero carbon emission

30% Of bio material from sugar cane & non-food plants

Water

WATER WISER

How to maximize the benefits of water?
You can't miss the wise techniques which
emphasize the color requirement.

► *Color is permanent-resistant to sunlight*

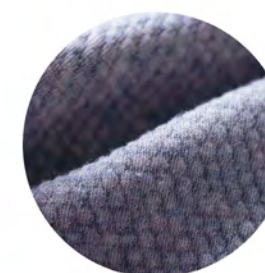

► *Color is locked-resistant to repeated washing*

+50% Energy
conservation

-60% CO₂
emissions

+75% Water
conservation

-90% Chemicals
usage

Fire 

THERMAL METRO

Graphene has been greatly used in our daily life, especially in the electronics.

We took advantage of its electric conductivity, heat conductivity, high optical density and masking effect. Using in the textile products, which gives us the following advantages:

- ▶ *Far infrared ray-boosts circulation*
- ▶ *Antistatic*
- ▶ *Antibacterial*
- ▶ *UV-resistant*

Wind

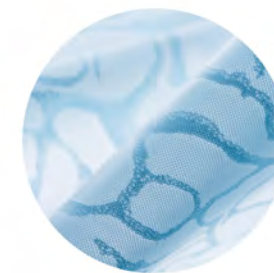

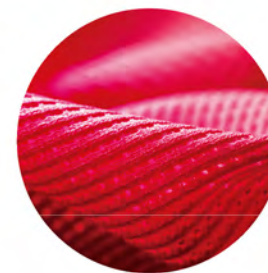

AERO MELLOW

A light weight, airy material soft and cool to the touch, or an air barrier to prevent heat-loss.

- ▶ *Transparency warp knit spacer and circular knit jacquard.*
- ▶ *Light weight and delicately designed, it is the best choice for spring and autumn outerwear.*
- ▶ *Functionally covered, water-repellent and windproof, it is the best companion for outdoor life.*

MDS GROUP

Over 40 years of quenching, we continued to stand strong. We extended our business from Taiwan to Vietnam, applying the same outstanding knitting and dyeing technology.

With profound research and development power, we strive to lead the textile industry to stay on top of current trends and satisfy customer needs, while promoting sustainability and environmental friendliness in our productions and work environment.

40 Years of experiences

2 Nations represented
Taiwan & Vietnam in business

4 Number of factories
Taiwan x2 | Vietnam x2

100_{up} Million yards
Per year

800+ Employees
Taiwan & Vietnam

● Taiwan

● Vietnam

MEN-CHUEN VIETNAM

From selection of raw material to the final finishing touch, we provide you optimal experience via process improvement.

► Warp knitting

38 Conventional
single knit

2.4_M Yards
Month

► Circular knitting

4 Double cylinder knit
computer jacquard

8 Single cylinder knit
computer jacquard

6 Cuff / collar
rib knitting

10 Conventional
double knitting

1.5_M Yards
Month

► Dyeing & finishing

35 Dyeing

3 Brushing
machine

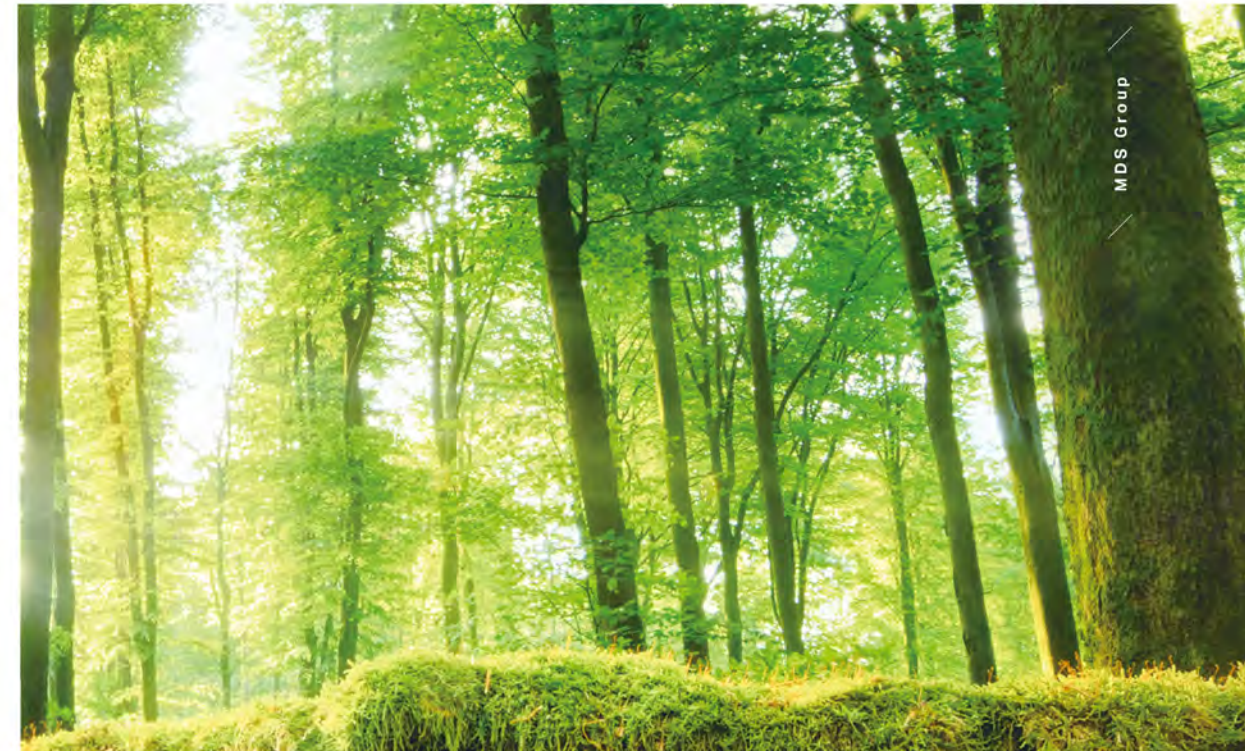

3 Heat setting
stenter

1 Sanding
machine

7_M Yards
Month

MDS GROUP ESG

Adopting green business model and optimize utilization of resources to reduce impact to the environment and promote sustainability for our planet.

Carbon reduction

VN Factory

- Solar panels of 5,200 pieces over the rooftop generate 3,000 mwh / year of clean energy
- Carbon footprint reduction 500t CO₂ / annum
- 45% total electricity consumption

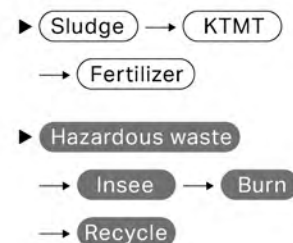

Energy conservation

- Turbo blower
- 100% NG boiler usage
- Condensate water recovery for boiler
- 100% of electric / steam smart meter

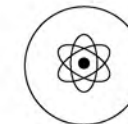

Waste management

- 100% zero landfill & recycle

Water management

- 100% smart meter recording
- 100% rooftop rainwater reused
- Future plane
 - Wastewater recycling
 - UF + RO system

Chemical management

- 100% bluesign dyestuff & auxiliary
- Follow ZDHC MRSL (Manufacturing restricted substances list)
- Random RSL testing (Restricted substances List)
- Using BVE3, CLEANCHAIN system to manage chemical inventory list

MDS WE CARE

Through risk management and quality assurance, we keep our promise to safeguard our product and employee wellness, ensuring that our business is managed with integrity. Besides common employee benefits, we support our employees with extensive career planning and training opportunities, providing a healthy, safe working environment.

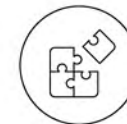

**Physical & mental
well-being for employees**

**Respectful & secure
working environment**

**Nurturing
community**

**FSLM (facility social
& labor module)**

**SLCP (social & labor
convergence program)**
